How to Play Periodic: A Game About the Periodic Table Periodic: A Game of The Elements is a strategy board game designed around the periodic table of elements, as well as some of the most fundamental principles in chemistry that can be derived from the structure and function of the periodic table. Players maneuver across the board to collect elements to score Goal Cards, and land on element groups to score points. Players either pay energy to use multiple periodic trends to move across the table, or select just one trend and collect all the energy payed to that trend! Along with explaining the periodic table, our educational periodic table game teaches chemistry concepts to kids, middle schoolers, teens, high schoolers, homeschool, AP Chemistry students, and college students alike! Learn the periodic table while having fun with this engaging, strategic science board game for classrooms. A Periodic Board Game Overview from Origins Game Fair 2019 ✓ What's Cool 1. Check for compatible PC Apps or Alternatives Or follow the guide below to use on PC:Select your PC version: If you want to install and use the Elements & Periodic Table Quiz app on your PC or Mac, you will need to download and install a Desktop App emulator for your computer. We have worked diligently to help you understand how to use this app for your computer in 4 simple steps below: Ok. First things first. If you want to use the application on your computer, first visit the Mac store or Windows AppStore and search for either the Bluestacks app or the Nox App >> . Most of the tutorials on the web recommends the Bluestacks app and I might be tempted to recommend it too, because you are more likely to easily find solutions online if you have trouble using the Bluestacks application on your computer. You can download the Bluestacks Pc or Mac software Here >> . Step 2: Install the emulator on your PC or Mac Now that you have downloaded the emulator of your choice, go to the Downloads folder on your computer to locate the emulator or Bluestacks application. Once you have found it, click it to install the application or exe on your PC or Mac computer. Now click Next to accept the license agreement. Follow the on screen directives in order to install the application properly. If you do the above correctly, the Emulator app will be successfully installed. Step 3: for PC - Windows 7/8 / 8.1 / 10 / 11 Now, open the Emulator application you have installed and look for its search bar. Once you found it, type Elements & Periodic Table Quiz in the search bar and press Search. Click on Elements & Periodic Table Quizapplication icon. A window of Elements & Periodic Table Quiz on the Play Store or the app store will open and it will display the Store in your emulator application. Now, press the Install button and like on an iPhone or Android device, your application will start downloading. Now we are all done. You will see an icon called "All Apps". Click on it and it will take you to a page containing all your installed applications. You should see the icon. Click on it and start using the application. Step 4: for Mac OS Hi, Mac user! The steps to use Elements & Periodic Table Quiz for Mac are exactly like the ones for Windows OS above. All you need to do is install the Nox Application Emulator or Bluestack on your Macintosh. Top Pcmac Reviews Best app ever By smartgiri1000 (Pcmac user) This app was extremely helpful I would definitely recommend it. The app not only helps you spell but asks you to recall the symbols, along with games and matching. I just downloaded it today and I already almost know how to spell the first 40 elements and also I have learned too many symbols to count! 10/10 Periodic Table By Lala Cabello (Pcmac user) I love this app I have learned a lot from it and it has helped me with memorizing the Periodic Table. And when I'm in middle school I'll already know the elements and if I have test I might pass. Thank You for making this app it has helped me so much. Great tool! By RhondaReader (Pcmac user) I have previewed most of then available apps for their ease of use and appeal. This app is extremely useful in demystifying the periodic table. The game is simple, diverse, attractive and effective. Thank you! Improved learning By Lani\_ionic (Pcmac user) I've learned a lot more about the elements and periodic table than I've ever known before.
